Pre-Algebra - Basic Introduction!

In the last grade before high school, students work with equations and functions, and perform calculations that analyze 2D and 3D shapes in new ways. As the material gets increasingly difficult, our popular online games ensure that pupils remain engaged and excited about doing math!

Grade 8 - Practice with Math Games

Students taking Algebra 1 in eighth grade likely completed a pre-algebra course -- or at minimum, a general math course introducing basic algebraic ideas -- in seventh grade. After a review of those concepts, Algebra 1 students spend much of the year focusing on solving linear and quadratic equations, inequalities and systems of equations.
